

P&C OneSource

The Industry Content You Need,
In One Convenient Location

The modern insurance environment is more complex than ever. Specialized coverage is the norm, not the exception. And submissions for this coverage require more resources.

P&C OneSource provides those resources. Zywave offers this library of materials from reputable organizations as a Content Cloud add-on. The forms, guides, and reports within the P&C OneSource offering can help streamline submissions and improve acceptance rates from insurers. They're essential elements in your insurance toolbox.

*Say Goodbye to
Resource Wrangling*

Comprehensive Materials

P&C OneSource includes roughly 100,000 items from such organizations as A.M. Best, IRMI, ISO, NFIP, and Rough Notes. The library features resources that are commonly used across the insurance industry.

Easy Access

Accessing P&C OneSource materials is a breeze. Zywave's Content Management System incorporates AI and Large Language Models, and global search makes surfacing specific assets easier. Content can also be favorited or curated into content groups for use across your organization.

Amplified Resources

P&C OneSource lives within Zywave's Content Cloud ecosystem, which includes more than 3,500 compliance, marketing, agency-authored, and reference items across commercial lines of business. Content can be shared with customers or used internally to improve operations.
