

# HCM Services Suite

## Fostering Connections between Service Providers and Their Clients

Client engagement is a top objective for providers in the Human Capital Management space and related functions. But providing personalized engagement at scale can be a challenge for any service provider.

Zywave's HCM Services Suite can help. It provides a branded portal, detailed content, and specific apps to meet client needs - all in a modern, intuitive platform. The HCM Services Suite has the tools you need to prove continual value to your clients, while retaining their trust in your partnership.

### Branded Portal

Make the client portal your own. Add your organization's branding and customize the portal's look and feel - all while leveraging a robust engagement platform.

### Industry-leading Content

Provide clients with the tools they need to improve their wellness and manage their risk. Options for HR and Safety each come with highly vetted content.

### Specific Apps

Offer client tools that can directly assist in their area of expertise. HR and Safety apps include Employee Handbook Builders, OSHA Logs, Multi-State Law Comparisons, and more.
